EVER ART BOARD®

This is an aluminum composite board covered with highly weather-resistant wrapping sheet, useful for a broad range of applications, whether indoors or outdoors, as a building material.

10-YEAR WARRANTY

1. On sudden color fading on the laminate sheet
2. On cracking of the laminate sheet

Expression

The texture is based on real materials as a motif, which will perfectly serve areas subject to landscape regulations or create spaces.

Easy handing

Not only for new constructions, this board is perfect for occasions requiring speedy construction.

Durability

We take pride in our 20 years of strength and quality.

Workability

Due to the panel type , the construction period can be significantly shortened compared to stone masonry & stone pitching.

NATURAL TOUCH

Unlike matte-finish surfaces, this series of products features a delicately textured surface for an extremely realistic result.

KYOTO ×4 colors SERIES

×4 colors CLASSIC WOOD SERIES

×5 colors WOOD SERIES

The delicately textured surface creates subtle light and shadows to produce an ambience unlike any other.
Takasho has created a material with an appearance as realistic as its natural touch texture.
This ideal building material resolves many issues associated with natural materials, which can decompose, corrosion, or make construction difficult.

EVER ART **BOARD** MATERIAL

Looks just like real one

This is an aluminum composite board covered with highly weather-resistant sheet, ensuring high resistance to rainwater and sunlight and lasting long without corrosion.

Workability-oriented specification

Not only for new constructions, this board is perfect for occasions requiring speedy construction such as the renovation of a shop.

Unlimited possibilities

On walls, ceilings, outdoor and indoor...there are many places where are good for EVER ART BOARD. Because it is a light material, it will save a lot of man power for the contractions, which will also save the budget.

Incombustible series

This incombustible series is an ideal material for high rise buildings, highly trafficked buildings such as shopping malls, office facilities and train stations, and also good for high sensitivity buildings such as hospitals, elderly care centers, schools, kindergartens, and nurseries.
EVER ART BOARD INCOMBUSTILE SERIES is the appropriate cladding solution for interior and exterior surfaces in new constructions and renovations. The material is non-flammable, rigid, light, and durable. Furthermore, it is easily installed and formed into a variety of shapes.
